

News-wire Autumn

WEALTH CREATION AND INTERNATIONAL BUSINESS SERVICES NEWS-WIRE Autumn 2008

Introduction

Well I am afraid due to pressure of work that it has not been possible for me to produce a fortnightly newsletter as promised. I apologise.

However, please find enclosed some important information, for the attention of all clients and please do not hesitate to contact me if you are interested in any of our projects.

Ian
Poornan

AMP & Partners Limited

Gibraltar telephone numbers
now have a '200' prefix.

Following the agreement by Spain to recognise the international code '350' for Gibraltar, the Crown Colony will now not run out of telephone numbers, and as from October the first 2008, it will be necessary to put the prefix '200' in front of the old Gibraltar number. So our office dialing number was:

+350 42563 and will now change on October 1st 2008 to:

+350 200 42563

If you cannot reach me for any reason on my mobile please leave a message with Grace or Brian on the numbers above. Office hours are 9.00-5.00 GMT+1

Euro bank transfers under
Euro 2 payment regulations

For those of you who have accounts at Sparkasse-Bank-Malta, or with another European bank (but not Gibraltar) who have signed up to the Euro 2 payment regulations, the criteria for being charged just five Euros for a wire transfer within Europe is as follows:

1. A valid BIC code must be entered on the transfer form together with-
2. The IBAN number.
3. The remittance charges box must be ticked 'normal'
4. The payment must be under €50,000

AMP soon to officially
launch its Emerging Land & Technology Fund

AMP
& Partners Ltd, together with Grupo MIRA offer participation in several new property, energy and technology projects based in Morocco, Spain and Germany. This Fund is suitable for long-term pension investment and will qualify for 40% tax relief for UK and Irish tax payers. There is a small time-window for clients interested to invest, free of the usual 4.5% up-front commission. Available to AMP clients only. Download more information.

Opportunities

Did you know that two-thirds of the World's oil is still in place in the ground. With improvements in technology Enhancement Oil Recovery Companies (EOR's) can recover substantial amounts of oil from depleted wells. With oil prices set to remain around \$100 per barrel, substantial gains can be made. Contact Us about how you can participate in this sector.
